VIEW OF BUIST'S WATERFORD SEED FARM.

1896 is the 68th Year for Buist's Garden Seeds.

WE have the names of customers on our books who have annually purchased their supplies from our house for the past 35 to 40 years. One of our greatest efforts is to make new customers, and when made to hold them; this can only be accomplished by growing and supplying reliable seeds, and our annually increasing trade is evidence that we do so. ANOTHER great feature in favor of our establishment is that we Commission no Seeds and therefore have no old stocks returned, we know what we require for our trade and grow accordingly. The great outlet for old seeds which commission houses have is in supplying seeds in bulk, which are generally purchased by the inexperienced merchant "because cheap," but unfortunately he never considers the great distress such seeds cause those who sow them.

PEAS.

The Buist's Morning Star Peas which we introduced a few years since have proved to be the earliest and most productive variety known, and is regarded by Market Gardeners as their best and most profitable shipping variety. For protection to ourselves and to insure the purchaser true stock, we sell them only in our Sealed Packages and Sacks. The latter are of green muslin and contain ⅛, ¼, ½, or one bushel each. Buist's Morning Star offered in any other way is spurious stock.

☞The Pea crop this season is the shortest harvested for several years, especially all Extra Early and Dwarf Wrinkled Varieties, which are exceedingly scarce.

EGG PLANT.

Most of the Egg Plant Seed sold by the trade is of Southern growth, which, owing to poor seed stock, produces imperfect fruit, both in form and color. The Seed which we offer is of our own growth (we annually grow 25 acres), and there is no finer stock known than the Buist's Improved, which is the best market variety.

Buist's Selected Onion Sets.

We are the most extensive growers and shippers of Onion Sets in the trade, with a reputation of shipping the finest samples. They are always more salable than the rough-looking sets from the west, as ours are smaller and more uniform in size, better cleaned and will keep longer without sprouting, besides, our measure is larger than the Western Shippers' supply.

BUIST'S
LAWN GRASS SEED.
FOR
Lawns, Tennis and Cricket Grounds.

The Buist's Mixture of Grass Seeds for Lawns, Parks, Tennis and Cricket Grounds has long been famous for producing a succession of verdure throughout the year, it is composed of the finest varieties of grasses, each of which has its season of beauty, and the result of this blending is the producing of a sod which is not only always evergreen and velvety in appearance, but of the color and beauty of an emerald. Many of the more famous lawns of our country were seeded down with the Buist's Lawn Grass, the preparation of which is a specialty with our house, which many years of experience has suggested; it requires from 4 to 5 bushels to sow an acre, or for renovating old lawns about half that quantity.

TURNIP SEED IN THOUSAND POUND LOTS.

We offer the following seven varieties of Turnip Seed at the special prices quoted, for not less than one thousand pounds of any one or assorted varieties.

Turnip Seed is very scarce this season and will be much more so before Spring—owing to the very dry weather the past Autumn, plants formed but very small bulbs, the result of which the crop of '96 will be extremely short in this country. The Red or Purple Top Strap-Leaved is even now almost out of the market.
